FILE HEADING.

Construction of the Kanjangud-Chamarajanagar Railway by the District Board of Mysore.

From

The President, Dist Board of Mysore

No. C/1524/L.B Dated 25. 6. 23 Received 27. 6. 23

Diary No. L 6566 Enclos. 3 Spare Copies. Serial No. 6

BRIEF ABSTRACT OF LETTER.

Submits for sanction a draft prospectus approved by the District Board of Mysore for raising a loan of Rs 8 Lakhs for financing the construction of Kanjangud-Chamarajanagar Railway Line and States that the prospectus has been perused and approved by the Board on the presumption that Government guarantee the repayment of the loan and the interest as in the case of certain other railways in the State.

NOTES AND ORDERS.

It is reported that out of the Capital of Rs 12 Lakhs required for the construction the said railway line, a sum of Rs 4 Lakhs

The original file L.B 129-22 Nos 1, 2, 3, 4 was sent to the Rly Secy for his remarks and was received back in this Secretariat on 16.8.23 Hence the delay in submitting this file.

NOTES—First Sheet.

24/8/23

Serial No.

is ready for expenditure from the available resources of the Dist Board including the accumulated Railway Cess of Rs 3, 14, 532,

2) The District Board of Mysore expects to raise the balance of the capital viz, Rs 8 lakhs by means of a debenture loan as authorised by Govt.

3) The District Board want Govt to guarantee both the principle and the interest. But Govt can guarantee only the payment of interest under rule 2 of the Rules issued under G. O. no. PL 4932-31/ G. F. 168-13-1 & the 22nd April 1914.

4) In the case of Chitaldrug-Chikjajur Rly loan raised by the Chitaldrug Dist Board, only payment of interest was guaranteed by Govt and payment of a discount of 1 percent as mentioned in the last para of the present proposals was omitted by Govt in the sanctioned proposals of the Chitaldrug-Chikjajur Rly Loan.

5) The Financial Branch may be consulted in the matter.

7) Regarding the prospectus itself now
sent, the points requiring special views
are (1) Guarantee of principal
(2) Payment of interest at 7 per cent
on debentures.
(3) Assurance by a division of 1 per cent
on debentures paid up prior
to prescribed date.

8) It is not usual to guarantee principal
and payment of dividend was not assured
in the case of Chittaranjan & Budge-Budge.
The Project has not explained the
ways and means for meeting the
interest and sinking fund charges.
but simply says that they will be met
from Railway rates and other sources.
and that details will be worked out
after govt guaranteed the loan.

9) For this connection attention
is invited to the Fly Ways note under
1:2:3 in d.B 129-22 — Sns 2, 3 & 4
as regards the results expected from
the opening of the line. The net
earnings from the line are estimated

29.8.23.

15 This proposal cannot, I think, be brought under the Branch Line Terms notified on 22nd April 1914. Government cannot guarantee the high rate of 7 per cent. and undertake to make good from their revenues the deficiency caused by the net earnings falling below 7 per cent. When the high rate of 7 per cent. is allowed, the bond holders cannot expect additional income from their investment in the form of a share of the surplus profits as contemplated in clause 5 of the Prospectus sent by the Board. The surplus itself is proposed to be calculated with reference to the rate of 4 per cent. on capital outlay and I cannot make out how the bond holders who are guaranteed 7 per cent. interest can get anything in addition calculated with reference to the rate of 4 per cent. with which they will have no concern.

16 If the District Board should undertake this project, I think it should be on the following lines:

(i) Government may guarantee the interest to be paid on the ~~line~~ loan raised by the Board.

NOTE—Contn. sheet.

(ii)

General and Revenue Secretariat. | L.B. File No. 129 of 1922

Serial No.

(ii) The Board cannot, I think, float a loan at less than 7 per cent. This is the rate proposed by it and it may be accepted.

(iii) The Karachi Municipality raised by tender only a few days ago a 6½ per cent. loan of Rs.30 lak at the average rate of Rs.99-8-6 per cent. This loan was raised under the orders of the Government of India and the securities of the loan are recognised by the Imperial Bank of India Act. The currency of this loan is for a period of 40 years. That an issu backed by the Government of India should have been floated at 6½ per cent. below par shows how difficult are the conditions of borrowing still. In view of this fact, it is desirable to defer the floatation of the loan proposed by the District Board for a couple of years. There is a tendency, though feeble for the value of money to go down and except for really urgent demands, it is undesirable to contract debts now. If, however, the construction of this abandoned line should be resumed as early as the Board appears to be desirous of doing, the floatati of the loan will have to be seriously considered. I think if the Board offers anything less than 7 pe cent., there is no prospect of getting any response from the investing public. The rate is, of course, not free from incometax and this point has to be

NOTE—Contn. sheet.

made

Serial No.

made clear to the District Board. It is not, however necessary to mention anything about this point in t loan prospectus. When nothing is mentioned about the in cometax, it follows that interest is subject to thi tax.

(iii) When Government guarantee interest, there should be a guarantee fund to save them from the ri of any loss. This guarantee fund may be the annual Railway Cess collected in the District. This i s estimated at about Rs.55,000 per annum and it will suffice for meeting the interest charge on a loan of Rs.8 lakhs at 7 per cent.

(iv) As regards the currency of the loan to be floated by the Board, the proposal of the Board is that the period should be one of 20 years from the date of opening of the Railway line. I do not thi that it is wise to borrow at the high rate of 7 per cent. for as long a period as 20 years. It is true that the Karachi Municipality has raised its loan at 6½ per cent. with a currency of 40 years. I, how- ever, think that it is undesirable to allow a cu rency of more than a period of 10 years. Long-te loans are not now in favour and it may perhaps ensure the success of the loan if the term is li ed to 10 years.

(v) A sinking fund is necessary because a terminable

NOTE—Contn. sheet.

Serial No.

terminable short-term loan is proposed. As far as I can see ~~no~~, there is no definite resource - either ~~under~~ net railway revenues or general revenues of the Board - from which annual contributions to the sinking fund would be made. The repayment of the loan may be guaranteed by Government subject to the condition that the Board reserves the savings, if any, under Cess collections and also under the net earnings of the Railway for sinking fund purposes. If by the time the loan falls due for discharge, the District Board will not have accumulated enough to redeem the debt, the Government may either advance the balance to the Board or may buy up the Railway itself and pay the holders of the bonds issued by them. The amount to be found by Government will not be ~~much~~ large and there is not likely to be much difficulty for Government ~~to~~ in arranging for the discharge of the debt. The purchase clause to be included in the agreement with the Board may provide for this arrangement.

(vi) I do not think it is desirable for Govt to undertake to work the ~~loan~~ line for a particular percentage of ~~the~~ gross ~~xxx~~ receipts. If it becomes possible to show this consideration to the Board, it might be done later on.

(vii) It is necessary to ~~provide~~ stipulate that if there

NOTE—Contn. sheet.

is

Serial No.

I do not think the Board should undertake the liability - the State the loan - the Railway - the depreciation - [illegible]

is any working loss, it should be borne by the Board from its general revenues.

(viii ~~ix~~) It is not clear whether the estimate of Rs.12 lakhs represents the aggregate cost ~~for~~ of the construction of the entire line. If so, the expenditure to be ~~xxx~~ incurred out of the loan to be floated should be less than Rs.8 lakhs, as an outlay of about a lakh and a half has already been incurred from the funds of Government and a sum of about Rs.4 lakhs is stated to be available out of the cess collections and other savings of the Board. Making allowance for these two items, the expenditure to be met from loan funds would be about Rs.6½ lakhs. If the intention is that the expenditure already incurred by Government should be repaid by the Board out of the proceeds of the loan, the ~~collection~~ calculation of Rs.8 lakhs is correct.

(ix) The loan to be raised by the Board will, in the circumstances stated above, be a general debt of the Board, though intended for the construction of this Railway and the bond holders will have no concern with the Railway nor be entitled to any share of its surplus earnings in addition to the interest ~~receipt~~ rate guaranteed to them.

(x~~i~~) I do not think it is desirable to call up the amount of the proposed loan in several instal-

ments

6566

G. R. S. III-21

General and Revenue Secretariat. | L.B. File No. 129 of 19 22.

Serial No.

instalments. As the ardour of subscribers sometimes cools down, if the time is allowed to spread the payments over a period, it would be better to raise the whole amount within the time during which the loan is offered for subscription. The part of the amount which is not immediately required for expenditure may be invested and some interest earned on it.

(xi) If subscriptions are realised in single instalments as proposed, it is not necessary to allo any discount as proposed in clause 8 of the Prospectus to persons who subscribe within a particular dat

(xii) It is necessary to verify the annual cess collections on which it is proposed to base the guarantee of Government.

(xiii) It is also necessary to make sure that the estimate of Rs.12 lakhs is correct and that there is no chance of its being enhanced later on.

126. Subject: (Clause xii of the Schedule)

Permission to the Mysore District Board to raise a debenture loan for the construction of the Nanjangud-Chamarajanagar Railway.

OPINION OF THE COUNCIL.

The District Board may be permitted to raise a loan of 8 lakhs of Rupees at 7 per cent at par, not in instalments (not free of income-tax) on Govt. guarantee. The interest charges on the loan will be the first charge on the annual Railway cess collected in the District. The currency of the loan will be 15 years. The repayment of the loan will be guaranteed by the Government on condition that the Board reserves the balance of cess collections, if any, and nett earnings, for Sinking Fund.

Draft prospectus will be called for from the Board on the above lines. If they agree to the terms of guarantee as now offered, the Government may undertake to work the line on usual conditions.

(Signed) A.R. Banerji.
Dewan of Mysore.

Note-
It is presumed that 12 lakhs include the expenditure already incurred and that the District Board will pay the Government expenditure incurred up to date from their accumulated cess.

Final Note by the First Member of Council.

Subject:— Permission to the Mysore District Board to raise a debenture loan for the construction of the Nanjangud-Chamarajanagar Railway.

Reference is invited to my Final Note dated 11th March 1923 submitting for the approval of His Highness, the resolution of the Council that the District Board of Mysore be authorised to raise a debenture loan for the construction of the Nanjangud-Chamarajnagar Railway and that the Board be asked to submit a definite scheme showing the terms and conditions of the loan and the arrangements for meeting the interest and sinking fund charges. Orders having been issued accordingly in Government Proceedings No.L.6971-4-L.B. 129-22-2 dated 9th April 1923, the District Board considered the subject at their meeting held on the 16th June 1923 and passed a resolution that as in the absence of a Government guarantee for the repayment of the loan and interest, the loan cannot be successfully floated, Government be approached for the grant of the guarantee and for sanctioning the draft prospectus prepared on the basis of such guarantee. It was also resolved that due provision will be made for meeting the interest and sinking fund charges from Railway Cess and the other income of the Board each year.

The proposal of the District Board is to raise a debenture loan of 8 lakhs at 7 per cent interest per annum, the loan running for a period of 20 years from the date of the opening of the Railway line and the repayment of the loan and interest being guaranteed by Government. It is proposed to find the balance of 4 lakhs required from the available resources of the Board including the accumulated Railway Cess of Rs.3,14,552.

15

The Financial Secretary, who was consulted in the matter, stated that the District Board might be permitted to undertake the project on the following among other conditions:-

(i) Government may guarantee the interest on the loan;

(ii) The rate of interest to be 7 per cent as proposed, a guarantee fund being formed out of the annual Railway Cess Collections, to save Government from the risk of any loss;

(iii) The period of the loan to be fixed at 10 years;

(iv) Repayment of the loan to be guaranteed by Government, subject to the condition that the Board reserves the savings under cess collections and under net earnings of the Railway for Sinking Fund purposes; and

(v) The whole amount of the debenture bonds issued to be called up once for all and not in several instalments as proposed.

The question was considered at the last meeting of the Council and the Council resolved as follows:-

"The District Board may be permitted to raise a loan of 8 lakhs of Rupees at 7 per cent at par not in instalments (not free of income-tax) on Government guarantee. The interest charges on the loan will be the first charge on the annual Railway Cess Collected in the District. The currency of the loan will be 15 years. The repayment of the loan will be guaranteed by the Government on condition that the Board reserves the balance of cess collections, if any, and nett earnings, for Sinking Fund.

Draft Prospectus will be called for from the Board on the above lines. If they agree to the terms of guarantee as now offered, the Government may undertake to work the line on usual conditions

The opinion of the Council may be graciously approved.

Member of Council.

Bangalore,
12th December 1923.

Submitted to His Highness.

59) If the Board desires to collect subscriptions to the loan in instalments, it may be permitted to do so. I think, however, that this arrangement is inconvenient and if instalments of subscriptions are not paid in time, -- this is our experience in regard that they will not be paid regularly to the loans called up in instalments -- there will be difficulty in financing the ~~work~~ construction of the work.

60) As regards exempting ~~the~~ interest from payment of income-tax, there are two points to be considered: 1. What is the real return on capital, making allowance for income-tax, which will make the loan issue a success? This is a point on which the advice of the Mysore Bank may be taken.

2. Exemption from payment of income-tax means an indirect subsidy by Government to the District Board. It would be better, therefore, to offer the rate, subject to incometax which will make the net return on capital sufficient to make the loan a success.

But the liability in last case will fall upon the District Board - whereas if the loan is made income tax free, the loss will be borne by Government.

61) As regards the recovery of only half the expenditure already incurred by Government on this line, the question is ~~as to~~ what is the present value of the work done so far. If ~~the~~ it is worth the outlay incurred by Government, I do not see how the District Board can claim to take it over at a less valuation. If, however, it is not worth as much as it has cost Governm

Serial No.

Government, then there is force in the view taken by the District Board. If the recovery is of a less amount than what has been incurred, the difference will have to be borne as a loss by Governmen

Construction of the Nanjangud-Chamarajanagar Railway.

Sir,

I have the honour to invite reference to correspondence ending with your letter No.L.6115/L.B. dated 2nd February 1924 on the above subject and to request the favour of being informed when the Railway Secretariat papers sent with U.O.No.152/D.No.137, dated 15th August 1923 will be returned.

I have the honour to be,
Sir,
Your most obedient servant,

For Secretary for Railways,
Government of Mysore.

General and Revenue Secretariat.

LB. File No. 129 of 1922

Serial No.

12 From the Manager, Mysore Bank No 129 548 of 13.3.24.

States that it will be difficult to make a success of the loan to be floated by the Mysore Govt for constructing the Nanjangud-Chamarajanagar Railway Line even at 6½ % interest.

22) The main file has been sent to the 1st Member of Council in connection with the resignation of the Railway Secretary for return of this office file.

23) The Manager of the Mysore Bank says that it will be difficult to make a success of the loan even at 6½ per cent and that the difficulty which militates against the success of the loans is that there is no free market for the public. He adds that the 6% Central Govt Debentures can be purchased at present at about 90 and this as the public is not prepared to allow

Since read and returned

File returned unofficially as returned by Member.

In this connection reference is invited to the first Govt note on page 1 of this file that this point was not to be mentioned in the loan prospectus. But under memo no R 4135 9.T 14-20-3 of 22-9-20 this loan will be free from income-tax till 30 June 1925. To avoid an ambiguity and future troubles it may perhaps be expedient to make the necessary addition in the loan prospectus.

Cr. The financial secretary may please agree to proceed on the lines suggested?

86) Para 4 of the prospectus. Investment

Specifications authorised by the G.O.S of 4-1-24 and 9-4-24, this para enables the Board to discharge the loan much earlier than 15 years. ~~This~~ This may perhaps be retained.

87) Para 5 of the prospectus. This provides for the payment of bonus to debenture holders. In this connection reference is invited to para 15 of the notes above wherein the first Govt and the 1st member have recorded their

NOTE—Contn. sheet.

is not necessary to pay any bonus
If appears para 5 of the prospectus
will be deleted. This will have
the effect of the Govt informed that no fee is to
take at 7½ this is excluded.
88) para 8 of the prospectus. This pro-
vides for the payment of a discount
of 1 per cent on an advance paid
up in full before a particular
date. On page 10 of the notes the
Finance Secy has noted that payment
of discount is not necessary.
But the 1st Minister has ordered
that discount is necessary.
If this para has to be retained
the limit of time up to which
discount will be paid has to be
settled.

the financial Secretary may please
consider

153 Attention is invited to the last para of my note dated 19th February 1924. The Railway Department considers that the present value of the Work is nearly equal to the Book cost incurred upon it. The proposal of the Board to pay only half the cost is not, therefore, quite reasonable. If, however, it is considered necessary to show any concession to the District Board for having come forward to make the line its own Concern, I would suggest that the cost of the Work to be reimbursed to Government may be fixed ~~at~~ in round figures, at Rs.1 lakh. Even this ~~condition~~ Concession cost ~~the~~ Government Rs.41,044 and this amount may be written off as it can no longer remain on the books as Railway Capital Expenditure.

47

Final Note by the First Member of Council.

Subject:— Proposals of the Mysore District Board in the matter of paying to Government the actual expenditure incurred on the - Nanjangud-Chamarajanagar Railway line.

F

One of the conditions on which the Mysore District Board has been permitted to raise a loan for the construction of the Nanjangud-Chamarajanagar Railway is that it should reimburse to Government out of its accumulated railway cess collections the amount already spent by - Government on this line. The expenditure incurred by the Government on this work is reported to be Rs. 1,41,044 and the present value of the work is estimated at Rs. 1,37,450. The District Board requests that it may be allowed to pay for the work only one-half of its present value.

A

Q

Page 44 of Office Note

The Financial Secretary is of opinion that as the present value of the work is nearly equal to the Book cost, the amount to be reimbursed to Government may be fixed at Rs. 1 lakh, if it is considered necessary to show any concession to the District Board for having come forward to take up this Railway.

Page 46 of Office Note

Some consideration to the District Board in this matter is necessary and the Council have accordingly resolved that "the proposal to charge the District Board for the work done, Rs. 1 lakh as suggested by the Financial Secretary may be approved."

His Highness' gracious sanction is solicited to this recommendation.

Bangalore,
12th November 1924.

MEMBER OF COUNCIL.

48

Office of the President, District Board,
Mysore District,
Dated, Mysore, the 25th June 1923.

B. Ramaswamaiya, Esq., B.A.B.L.,
President, District Board of Mysore,
M y s o r e.

To

T. E. Jeyarama Iyer, Esq., B.A., B.L.,
Secretary to the Government of His Highness
the Maharaja of Mysore, Revenue Department,
B a n g a l o r e.

Sir,

With reference to para 6 of Government Order No.L.6971-4 L.B.129-22-2 dated the 9th April 23 authorising the District Board of Mysore to raise a debenture loan for the construction of the Nanjangud-Chamarajanagar Railway Line and calling for a definite scheme showing the terms and conditions of the loan & and the arrangements for meeting the interest and sinking fund charges, I have the honour to state that the subject was placed before the District Board at their meeting held on the 16th June 23. The Board are of opinion that without the Government guaranteeing the repayment of the loan and intersst as in the case of certain other railways, they feel almost certain that the -- loan could not be successfully floated.

The draft prospectus has been prepared and approved by the District Board on the presumption that the guarantee named will be given by Government. As a sum of four lakhs is ready for expenditure from the available resources of the District Board(including the accumalated Railway Cess of Rs.3,14,552 upto the end of May 23) the Board reserve that the work might be undertaken without delay in the next official year.

In enclosing the draft prospectus together with a copy of the Board's ewssolution, I have the honour to request that early sanction of Government may be obtained to the ~~xxxxxx~~ Scheme as resolved by the Board. It may be added that it will be feasible to make due provision for meeting the interest and sinking fund charges from the Railway Cess and the other income of the Board each year and the details ~~of~~ will be worked out and submitted on the approval of Government being kindly intimated to the guarantee referred to above.

I have the honour to be,

Sir,

Your most obedient servant,

PRESIDENT,
DISTRICT BOARD OF MYSORE.

2. Government order No.L.6971-4/L.B.129-22-2 dated the 9th April 1923 authorising the District Board of Mysore to raise a debenture loan for completing the construction of the Nanjangud -Chamarajanagar Railway Line as a light feeder Railway(Metre guage) and calling for a definite scheme showing the terms and conditions of the loan and the arrangements for meeting the interest and sinking fund charges.

The District Board offer their thanks to the Government for kindly sanctioning the raising the loan with a view to the speedy construction of the Nanjangud-Chamarajanagar Railway line and for undertaking the working of the line.

The Board observes that the order of the 9th April 23 provides for a scheme of construction under an arrangement regarding working expenses etc., as laid down in para 4 of the order. But the Board prefer the scheme of the Government guaranteeing the repayment of the loan and interest as in the case of certain other railways e.g., Chitaldrug-Chikkajajjur, Shimoga-Arasalu etc., They pray that Government may be pleased to similarly sanction the guarantee named, in the absence of which they feel almost certain that the loan could not be successfully floated.

The draft prospectus as prepared on the presumption that the guarantee named will be given, is approved for submission to Government for sanction.

Due provision will be made for meeting the interest and sinking fund charges from the Railway Cess and the other income of the Board each year.

As a sum of four lakhs is ready for expenditure from the available resources of the Board, early action may be kindly taken by Government to sanction the scheme and commence the work without delay in the next official year.

MYSORE DISTRICT.

PROSPECTUS OF THE DISTRICT BOARD RAILWAY DEBENTURE LOAN OF 1923.

The construction of Nanjangud-Chamarajanagar Section of the Nanjangud-Erode metre-gauge line as a Light Feeder Railway (metre-gauge) has been sanctioned in Government Proceedings No.L.6971-4/L.B.129-22-2 dated 9th April 1923. The detailed estimates of the project are under preparation in the Public Works Department.

2. The capital cost of this section of the Railway is now roughly estimated at Rs.12 lakhs. The District Board have resolved to find the cost by raising a Debenture Loan. The proposal of the District Board to finance the scheme has been approved by the Government and this prospectus is accordingly issued for -- raising a Debenture Loan of 8 lakhs with the approval of the Government of His Highness the Maharaja of Mysor

3. The Debentures will be issued under the following conditions:-

(1) The debenture bonds will be for Rs.25, Rs.100, Rs.5 and Rs.1000 each. The loan will bear interest at 7 per cent per annum payable on the 31st December and 30th Ju with effect from the date of payment of the money into the Government Treasury (2) The loan will run for a period of 20 years from the date of the opening of th Railway Line and will then be repayable at par (3) the repayment of the loan and the payment of interest are both guaranteed by Government.

4. The District Board of Mysore reserve to themselves

the option to redeem the loan or any portion of it at the expiry of the 10th or 15th year after previous notice of six months to the Debenture Holders by publication in the Mysore Gazette. The debentures to be thus discharged may be selected by lot or otherwise as the Government or the District Board may deem fit; and if the present loan is to be discharged by raising another at a cheaper rate of interest, the Debenture Holders of the present loan shall be given the option to take up shares in the loan at a lower rate.

5. After the line has begun to yield a return of more than four per cent on the capital outlay, one half of the surplus profit accruing to the Board's share may be distributed as bonus among the Debenture Holders, the other half being retained by the Board as the nucleus of a sinking fund.

6. As regards working recoupment against loss in interest charges, division of surplus profit, creation of a sinking fund etc., the principles laid down in Government order No.Fl.4932-81/G.F.163-13-1 dated 22nd April 1914 will apply to this Railway Line.

7. Debentures to the value of 8 lakhs of rupees are now available for subscription by the public including such of the Municipalities and District Boards as may decide to invest in the same and application for debentures in the prescribed printed form hereto annexed together with the 1st instalment of not less than 12½ per cent of the amount applied for in the case of debentures of Rs.100 and above and Rs.5/- in the case of debentures of the value of Rs.25 may be presented at any Government Treasury in the District.

Calls for the balance will be made in instalments of not less than the amount specified above spread over two years, at least two months notice being given before each call. On failure to pay the further calls the amounts previously paid up will be liable to be forfieted to the District Board.

8. A discount of 1 per cent will be allowed on all debentures paid up in full on or before ~~~~ on account of all debentures ~~xxxxxxxx~~ subscribed by that date.

PRESIDENT,
DISTRICT BOARD OF MYSORE.

FORM OF APPLICATION.

To

The P r e s i d e n t,

District Board of Mysore,

M y s o r e.

Through

The Treasury Officer,

Taluk/District Treasury.

Sir,

I request that

debenture bonds of the valur of Rs. each in the debenture loan raised by the Mysore District Board under Government sanction for the Mysore District Board Railway Project may be registered in my name on the terms mentioned in the Prospectus and I herewith remit Rs. only being the 1st instalment towards the above.

I undertake to pay further calls in instalments of not more than 12½ per cent in the case of debenture of the value of Rs.100 and above and Rs.5/- in the case of debentures of the value of Rs.25/- as mentioned in the prospectus spread over two years.

Recd 8/2/23 2 P.M

X X X X X X

27 G.O.No. L 4998-500|L.B.129-20-8 dated 3rd/4th January 1924 permitting the Mysore District Board to raise a loan of Rs. 8 lakhs on certain conditions for constructing the Nanjangud-Chamarajanagar Railway Line.

Resolution:-- The Board agree to the modifications mentioned in para 1, conditions (a) and (d) of the Government order, and also to the arrangement indicated at para 3.

As regards condition (b), the Board fear that it may be difficult to collect the required amount if the convenience of payment by instalments is not provided for.

Next with regard to condition (c), the Board would urge the loan being made free of income-tax, as this would be a real attractive feature to intending investors.

Finally, with regard to recouping the cost already incurred by Government on the work, referred to in para 2, the Board prays that it may be allowed to pay only half the cost, as a measure of concession and encouragement to this important enterprise by the District Board.

GENERAL & REVENUE SECRETARIAT
5327
18 MAR 1924
LOCAL SELF GOVT. BRANCH

LB. 129-22-12.

Dear Sir,

I am in receipt of your letter of the 6th instant forwarding copies of Government Order No.4998-5501/ L.B.129-22-8 dated the 3rd/4th January 1924 in regard to the raising a Loan of Rupees 8 lakhs in the open market for the purpose of constructing the Nanjangud-Chamarajnagar Railway Line, and of letter I A/L.B. 22-23 dated the 2nd/6th February 1924 from the President, District Board, Mysore.

I note that the Government is not prepared to allow the Loan to be issued free of Mysore Income Tax and as there is no mention made of British India Income Tax, I presume it will be subject to such tax if held by investors residing outside the State.

In these circumstances I think that it will be difficult to make a success of the loan even at 6½%. I am of opinion that the payment of principal and interest should be unconditionally guaranteed by the Government of Mysore.

The difficulty which militates against the

success of our Loans is that there is no free market for the paper. Chitaldrug 6% Debentures can be purchased at present at about 90%.

Yours faithfully,

OFFG. MANAGER.

PROSPECTUS OF THE DISTRICT BOARD RAILWAY DEBENTURE LOAN OF 1924, as approved by Govt in their G.O. no L /LB 129-22- dt 7.

1. The construction of the Nanjangud-Chamarajanagar Section of the Nanjangud-Erode Metre-gauge line as a Light Feeder Railway (metre-gauge) has been sanctioned in Government Proceedings No.L.6971-4/L.B.129-22-2 dated the 9th April 23. The detailed estimates of the project are under preparation in the Public Works Department.

2. The capital cost of this Section of the Railway is now roughly estimated at Rupees Twelve Lakhs. The District Board have resolved to find the cost by raising a Debenture Loan. The proposal of the District Board to finance the scheme has been approved by the Government and this Prospectus is accordingly issued for raising a Debenture Loan of Rupees Eight Lakhs as sanctioned in Government Order No.L. 4998-500/L.B.129-22-8 dated the 3rd/4th January 1924. and G.O. no 8013-6/LB 129-22-13 of 9-4-24.

The I member has been pleased to allow of this addition. (para 84 of the rules)

3. The debentures will be issued under the following conditions:-

(i) The Debenture Bonds will be for Rs.25, Rs.100, Rs.500 and Rs.1000 each. The loan will bear interest at 7 per cent per annum, which will be payable on the 31st December and 30th June with effect from the date of payment of the money into the Government Treasury, ~~which~~ and this interest will be subject to the assessment of income tax.

Financial relaxation wants this change to be made (para 1030 of the rules)

(ii) The loan will run for a period of 15 years from the date of the opening of the Railway Line and will then be repayable at par.

(iii) The repayment of the loan and the payment of interest are both gauranteed by Government.

4. The District Board of Mysore reserve to themselves the

the option to redeem the loan or any portion of it at the expiry of the 10th year, after previous notice of six months to the debenture holders by publication in the Mysore Gazette. The debenture to be thus discharged may be selected by lot or otherwise as the Government ~~or~~ the District Board may deem - fit; and if the present loan is to be discharged by raising another at a ~~cheaper~~ lower rate of interest, the debenture holders of the present loan shall be given the option to take shares in the new loan ~~at a lower rate.~~

5. After the line has begun to yield a return of more than four per cent on the capital outlay, one half of the surplus profit ~~according~~ accruing to the Board's share may be distributed as bonus among the debenture holders, the other half being retained by the Board as the nucleus of a Sinking Fund.

5. As regards working recoupment against loss in interest charges, division of surplus profit, creation of a Sinking Fund etc., the principles laid down in Government Order No. Fl.4932-81/G.F.163-13-1 dated the 22nd April 1914 apply to this Railway Line, the interst on the loan being the first charge on the Railway Cess collected in the District.

6. Debentures to the value of Eight Lakhs of rupees are now available for subscription by the public including such of the Municipalities and District Boards as may decide to invest in the same and application for debentures in the prescribed form hereto annexed together with the first instalment of not less than 12½ per cent of the amount applied for in the case of debentures of Rs.100 and above and Rs.5 in the case of debentures of the value of Rs.25 may be presented at any Government Treasury in the District. Calls for the --- balance will be made in instalments of not less than the --- amount specified above spread over two years, at least two months notice given before each call. On failure to pay the

88

the further calls, the amount previously paid up will be liable to be forfieted to the District Board.

78. A discount of one per cent will be allowed on all debentures paid up in full on or before on account of all debentures subscribed by that date

To

The President, District Board,

Mysore.

Sir,

With reference to para 3 of the G.O. No. L. 8073-6/L.B. 129-22-13, dated 9th April 1924, re. the amount incurred on the construction of the Nanjangud-Chamarajanagar Railway and the sum to be recovered from the District Board in the matter, I am directed to state that the actual expenditure incurred by Govt., as reported by the Railway Secy. amounts to - - Rs. 1,41,044 and the present value of the work done is Rs. 1,37,450. The District Board will have therefore to pay a sum of Rs. 1,37,450.

I am therefore to request you to be so good as to furnish the opinion of the District Board in the matter.

In this connection, the Board's attention may be invited to para 2 of G.O. No. L. 4998-5001/L.B. 129-22-8, dated the 4th January 1924 permitting the Board to raise a debenture loan of 8 lakhs for the construction of the Railway by the Board on the presumption that the capital cost will include the expenditure already incurred from the State Funds and that the District Board will repay to Govt., the amount incurred by them, from the accumulated railway cess Fund of the Board.

I have etc.,
